New York Theo. Sem. June 20th 1838.

Brethren

I am requested to announce to you the formation of the "Society of Enquiry of the N.Y. Theo. Seminary."

The number of students connected with the Sem. is upward of fifty most of whom are members of our Society. We organized November last. The first monday of each month is devoted exclusively to the objects of the Society. The Society is divided into two general Departments — Foreign & Domestic. The former embracy every subject of interest connected with the Church in foreign land. The latter, the same in our own country, such as the state of public moral — education

condition of the colored people — Seamen
Soldiery — Popery & infidelity &c. &c.

As a Soc. we are young & inexperienced
& though perhaps this City may afford many
facilities superior to that of the country, for obtaining
information, yet valuable knowledge is the
result of experience, & we should therefore be
happy to receive from elder Societies — any
narrative of their operations & success — any advice
or suggestion as to the more proper & profitable
objects of inquiry — or any thing which they
may deem interesting.

Our Term closes 18th Inst July
We should be happy to receive a
communication previous to that time.

Respectfully Yours
in behalf of the Society
Benty C. Megie
Cor. Sec.

P. S. As there is also an Episcopal Seminary in this City — please direct to the "Soc. Lng. of" N.Y. Theological Seminary."
